

Showcase Your Program. Elevate Your Visibility. Attract the Right Talent.

In today's ultra-competitive recruiting landscape, the schools that win aren't just the ones with great facilities—they're the ones who know how to showcase them. Run DMV Made Media specializes in high-impact sports facility tours designed specifically for high school and collegiate baseball programs looking to stand out and be seen.

Our cinematic tours give your school a powerful platform to spotlight your facilities, culture, and resources—placing your program squarely in front of the athletes, families, coaches, and recruiters who may not yet know what you have to offer. This is about more than documentation. It's about positioning your program as a destination.

Why Facility Tours Drive Recruiting Success

Visibility matters. A strong facility tour positions your school in the who's who of baseball programs, opening doors to new outreach opportunities and attracting top players who are actively evaluating where they belong next.

National Visibility

Reach athletes and families beyond your region

Recruiting Credibility

Show recruits you're serious about excellence

Digital Asset

A long-term tool that works year-round

The ROI That Matters: Recruiting Results

A Long-Term Asset With Immediate Impact

This video lives for years, not weeks. It can influence dozens or hundreds of recruiting decisions while simultaneously supporting admissions, athletics, and marketing efforts across your entire institution.

If even one additional recruited athlete commits because of this video, the ROI is already there.

Your facilities tell a story. We make sure it's told the right way—with the polish, professionalism, and impact that reflects the excellence of your program.
